Motor Vehicle Software Corporation Joins TechNet

*Leading provider of eGovernment software solutions joins
bipartisan policy and political network*

Washington—TechNet, the bipartisan policy and political network of innovation economy CEOs and senior executives, today announced that California-based Motor Vehicle Software Corporation (MVSC), a leading provider of innovative software for government agencies, has joined TechNet. MVSC is TechNet’s 65th member.

Linda Moore, president and CEO of TechNet, said: **“The Motor Vehicle Software Corporation is a leader in using the power of technology to reimagine and transform government agencies like the DMV, making them more efficient and responsive to taxpayers. MVSC is an eGovernment innovator, and a great addition to TechNet’s growing network of leading IT, e-commerce, biotechnology, green tech and finance companies.”**

Don Armstrong, co-founder and CEO of Motor Vehicle Software Corporation, said: **“With a public advocacy footprint that is expanding across the country and unmatched relationships among policymakers and regulators, TechNet is an ideal partner for MVSC as we grow our eGovernment software offerings in California and across the country.”**

About TechNet

TechNet is the national, bipartisan network of CEOs and senior executives that promotes the growth of technology industries and the economy by building long-term relationships between technology leaders and policymakers and by advocating a targeted policy agenda. TechNet’s members represent nearly two million employees in the fields of information technology, biotechnology, green tech, e-commerce and finance. TechNet has offices in Washington, D.C., Silicon Valley, Sacramento, Seattle, Boston and Austin.

About Motor Vehicle Software Corporation

Motor Vehicle Software Corporation (MVSC) delivers, develops and supports innovative and cost-effective solutions to government agencies. By combining eGovernment consulting skills, compliance analysis capabilities and specific industry expertise, MVSC has become the leader in process management solutions. Vested companies can now exchange information with ease through streamlined digital interactions and re-engineered workflow processes. As a result government and industry partners save time, money and resources. MVSC is on its way to becoming the national leader in pioneering innovative workflow efficiencies for self-funded state government regulated industries.
